

Whether you feel like wandering around alone, or with friends or family, canoeing on the rivers of Omignon or the Large one Somme will give you exceptional views along the waterway, without any great physical effort.

We provide you with canoes, paddles, buoyancy aid and waterproof barrels, so that you board safely. Our tips will help you get started without lengthy preparations. After a few minutes of practice, you will learn the basic techniques of steering your boat very easily. You may hire a boat to go off on your own, or go with a nature guide, and explore or rediscover the wetlands, or simply relax on calm waters.

Opening hours: Val d'Omignon is open 7 days a week from 8:00 am to 9:00 pm. However, we strongly advise you to book in advance so that we can suggest the best route for you. Our "beginner" and "adventure" classes are held at 10:00 am and 2:00 pm (see the schedule). You'll find links to our price list, general terms and hiring conditions, as well as booking forms on the left of this page).
